The reporters are here again with the last publication of news for this school year. On behalf of the faculty and student body, we wish to thank the editor of this paper, Mr. Calvin Robinson for the splendid opportunity of having the pr ilege of publishing our weekly ws.

The Senior Class is experiencing the busiest week in the history of their class, that of making final preparations for graduation. In spite of preparations for commencement, some of the Seniors are making plans to attend various conferences.

Quartet will compete in the quartet contest, Charles in the oratorical contest, and Deaster in the talent contest.

Our annual Baccalaureate Service will be held at Gallee Baptist Church this Sunday, June 4, at 4:00 P. M. Rev. R. Q. Lawing will deliver the address.

Monday at 8:15 P. M., Commencement Exercises will be held at the First Baptist Church. Bessie Williams, valedictorian, will speak on "Our Option on Tomorrow." Crater Pankey, salutatorian, has chosen as her subject, "Human Dignity in A Democracy." Margaret Reed, third honor student, will give the welcome address, on the topic, "Key to World Peace." The Glee Club will furnish musical selections.

We are proud of our graduates and wish for them much success in the future. We hope all of the Carver students have a pleasant vacation.

For our closing thought of the year, we wish to use the motto of the Senior Class: "He who findeth knowledge, findeth life."

He was always interested in things that counted for the best in life and for the good of humanity. Mr. McKinney was a man of strong personality and he drew to him many in all walks of life. By his brave, unselfish Christian life he endeared himself to all who were fortunate enough to call him their friend. He has rendered a very fine service over a long period of time to his community. "We seem to give him back to Thee, dear Lord, who gaveth him to us. Yet, as thou didst not lose him in thy giving, so we have not lost him by his return. Not as the world givest, givest Thou, I Lover of Souls! For what is Thine is ours always, if we are Thine. And life is eternal; and love is immortal; and death is only a horizon and a horizon is nothing save the limits of our sight."

—His Spout Spring Friends.

LET'S PUT A LABEL ON IT!..

One we all can understand, and that tells us plainly what's in the bottle — then there is less danger of tragic results.

Let's define the ingredients of this "planned economy" syrup — this "welfare" cure-all.

There are people today who profess "pity" for the so called "common man." They want the government to move into private business and "give" us the things we have learned to buy for ourselves by working and earning.

LET'S PUT A LABEL ON IT.

This is Socialism — "abolishing individual ownership and making capital and the means of production the *property* of the State."

It has been tried in Italy and Germany. It is being tried today in Great Britain and Russia. Would you change places with the Russian for his "security?" Would you change places with the Briton, who pays income tax that starts at 45 per cent?

SHAKE WELL BEFORE USING. The government cannot give you "Something for Nothing." It cannot give you "cradle to grave" care without your paying plenty for it. What the government pays out or spends are *your* taxes. It has no other income.

When you are asked to swallow a sweet-smelling dose of *government housing . . . government utilities . . . government agriculture . . . government medicine . . . government insurance . . . government education . . . government this-and-that* — be sure you know what's in the bottle. The price you pay is back-breaking taxes, plus the surrender of incentive and individual *liberty* which go with the democracy on which this greatest nation in the world has been built.

"Good government has for its objective the protection of every person . . . in the greatest liberty . . . and his perfect security in the enjoyment of his earnings with the least possible diminution for public needs."
—*Grover Cleveland*

"I do not believe in government ownership of anything which can . . . be left in private hands."
—*Theodore Roosevelt*

"The firm basis of government is justice, not pity."
—*Woodrow Wilson*

"Must a government, of necessity, be too strong for the liberties of its own people?"
—*Abraham Lincoln*
